

## **PEER REVIEW PROCESS**

FFL is a double-blind peer-reviewed journal; therefore, all manuscripts will undergo an editorial review process. Each manuscript will be reviewed by two reviewers, members of the journal's scientific board (or other experts), who will provide their evaluation in accordance with the required academic standards.

Reviewer comments (if any) will be forwarded to the manuscript's author for necessary revisions and to the editor-in-chief. The final decision regarding the publication of the manuscript is made by the editorial board based on the evaluation report.
